

Monday, June 5, 2017 - Islam: A Religion of Peace?

Khalid Sheikh Mohammed, the mastermind of the 9/11 attacks, was asked why, since Islam is a "religion of peace," were so many of the followers violent? His explanation was that Islamists do not look at peace in the same manner as Christians do.

Peace, from an Islamic perspective, can only be found/had when all infidels are either converted to Islam or are murdered as is called for in the Qu'ran. Then and only then will there be "peace."

The insanity brought on by those who continue to promote peace with a false religion, serving a false god, is the work of Satan.
