

Saturday, March 31, 2018 - The Rich Man Believes Hell is Real

Has the man who calls himself pope, in his words "God on earth," ever read the Holy Scriptures?

His declaration this week that Hell is not real begs the question: what book, chapter and verse proves your perverse proclamation?

The final and eternal abode of those who die apart from God is Gehenna (Hell). The word is found twelve times in the Greek New Testament. In eleven of these instances, it is Jesus Christ himself who employs the term.

Luke relays the truth of Hell when, in Luke :16:19-31, he gives us a thorough understanding of the blessings and the suffering associated with eternity.

Please read this passage and tell me why would anyone continue listening to the one who calls himself pope.
